

# CHATTER — in the — CORRIDOR

By SANDIE LAW  
Hi everyone! This has been a very exciting week around Northeast High—but as a matter of fact the excitement began last weekend.

First of all, congratulations to Coach Tom Kidd and the Rocket gymnastics team for bringing home the Mid-East trophy from Beatrice. Lincoln Northeast had 98½ points with Southeast close behind with 96 points. Mike Ready took first in free exercise, trampoline, and tumbling, while Bill Marple took first place in the horizontal bar, parallel bars, and the rope climb. Jim Inness won the side horse. They lost to Lincoln High on Tuesday by a score of 72 to 57. Tonight, they host Beatrice on the Northeast stage. Let's have another victory, fellas!

Congratulations also go out to our wrestling team and Coach Boyd Thompson for tying with Southeast 105-105 in the Mid-East Conference. Jim Ragon has shown championship performances to remain undefeated along with Southeast's Carol Stith. George Manske was the only one to make a pin while Ralph Garcia, Bob Edwards, Jim Ragon, and Doug Gemmell won their matches.

Our varsity basketball team beat Lincoln Southeast by the close score of 65-63 last Friday night. Jerry Motz gathered 21 points with Jerry Egger and Gary Thompson following with 13 and 9. Congratulations, Coach Ed Johnson and team. Let's bring a victory home tomorrow night by beating Grand Island.

Our swim team competes in the City Swim Meet at the Public Schools Activities

Building tomorrow. Good luck, Coach Wall and team. Our swim team placed second in the Mid-East Conference at LSE last Friday.

The Rocket sophomore team has been defeated twice after a string of five victories. They lost to Lincoln High, 52-48 last Thursday and fell to Pius X, 46-36, last Tuesday. They travel to Beatrice tomorrow. Let's have our sixth victory!

Second semester officers for Penguins, LN's girls swim club, were selected. They are: Barb Weaver, president; Linda Schott, vice president; Kathy Copas, secretary; Roberta Good, treasurer; and Peggy Blue, student director.

Officers of the Girls Athletic Association, GAA, were chosen for second semester. President: Judy LeMaistre, Vice President: Loretta Bruce, Secretary: Terry Baumbach, and Treasurer: Mary Holm.

Rae Jean Dell has won the local Betty Crocker Scholarship and she took first place in local and state Elks Leadership award. Rae Jean now has a chance to enter the nationals. Congratulations and good luck in the nationals!

Tryouts for the all school play were held this week. This play, "George Washington Slept Here," is a comedy. As soon as the announcement of the selection of the cast is made, I'll pass it on to you.

David Schultz and Mike Wylie are finalists in the Navy ROTC scholarship program. The final decision is made by the selective board. Hope you both make it!

See you next Friday!

### It's Quiz Day Again

B. Jay Becker

#### TEST YOUR PLAY

1. You are East, defending against Four Hearts.

♦ Q 9  
♦ Q 10 2  
♦ K J 10 3  
♦ Q 10 7 4

The bidding has been:  
East South West North  
1 ♠ 2 ♠ Pass 3 ♠  
Pass 4 ♠

West leads the four of spades which you win with the ten, South playing the five, and continue with the ace, South playing the eight and West the two. What do you play now?

2. You are declarer with the West hand at Six Clubs. North leads the queen of hearts. How would you play the hand?

♦ 7 5 4 3  
♦ A K N  
♦ 7 W E  
♦ A K Q J S  
♦ 10 9

1. There is not much hope of defeating the contract unless your partner has a trick in one of the minor suits, so you have to play on that basis, even this will not be enough, though, unless a fourth trick can be developed.

It is clear that declarer has the three of spades. (If West had the 4-3-2 originally, he would play the three on the second spade lead, not the one.) You can therefore de-

velop a trump trick for your side by leading another spade at this point. When partner ruffs and forces the ten from dummy, your K-9-8 guarantees a trump trick regardless of what declarer does.

Declarer's hand may be something like this: ♠ 8 5 3 ♠ A J 7 6 4 ♠ A Q 2 ♠ K J. The spade continuation defeats the contract if west cooperates by ruffing it.

2. It would not be wise to bank everything on a 2-2 division of the spades. To draw trumps and rely solely on that would be pushing your luck too far.

There is a far better chance by playing for a 4-3 break in diamonds (which occurs in 62% of deals, as opposed to the 2-2 spade break which occurs in only 40% of deals).

Win the ace of hearts and play a diamond to the ace and ruff a diamond. Then trump the king of hearts in dummy and ruff another low diamond.

If both opponents have followed each time, the last two diamonds in dummy are tricks on which two spades can be discarded after trumps are drawn.

If it turns out that the diamonds are not divided 4-3, there is still a chance of making the hand by playing for the 2-2 spade break. Testing the diamonds before playing spades substantially increases the chance of making the contract.

Dear Abby

### Lose The Man-Keep Your Cash

Abigail Van Buren

DEAR ABBY: Today my daughter has a long face because I refused to buy her a formal. She is 11 years old and in the sixth grade. A girl used to get her first formal for the Senior Prom when she was 17. Today they have proms for children in the sixth grade. I hate to see my daughter miss out on the fun with her friends, but we are a medium income family and can't afford formals and all the accessories for 11-year-olds. What is your opinion, Abby?

AVERAGE MOTHER

DEAR MOTHER: I'm told that the added expenses of extra-curricular events in the modern high school are becoming psychologically tough on haven't kids. So now it's "formals" in the sixth grade? I'm against 'em!

DEAR ABBY: I have a sick-in-the-head husband and his jealousy is driving me

out of my mind. I am not allowed to speak to any man in our neighborhood or to any other man. Even relatives! If I even look at them he accuses me of all kinds of dirty things. I have never given him any reason to doubt me. I can't just pitch him because we have children. He tells me he is not sick in the head, but what else would you call it? What am I going to do? Now I am getting jealous. Jealous of women who have sane husbands.

JEALOUS

DEAR JEALOUS: If your husband had a toothache you would get him to a dentist by hook or crook, wouldn't you? Well, there are doctors who take care of "sick-in-the-head" people, too. What are you waiting for?

DEAR ABBY: I have a single woman of 28 who has never been married. I live alone and support myself. I recently met a very hand-

some man who fell for me fast. He talked of "our future together" and I thought I had finally found my man. I was completely bowled over last night when he asked me for a loan of \$500. He's a salesman and told me how well he was doing. I asked him if he'd sign a note for it and he said if he had wanted to sign a note he could have gone to a bank. Now I have my doubts about him. Half of me wants to continue seeing him and half of me tells me to quit him. I am—

SHATTERED

DEAR SHATTERED: Better to be temporarily "shattered" than permanently broke. Listen to the half with the brains in it. Romeos who mix moonlight and marriage are a poor risk.

CONFIDENTIAL TO TED:

People are governed by the head. A kind heart is of little value in chess.

## BRIDES

Miss Janet Hietbrink of Lincoln, daughter of Mr. and Mrs. Marvin Hietbrink of Firth, whose betrothal to Douglas Liesveld was revealed recently, is announcing plans this morning for her wedding, which will be an event of May 31.

The candlelight service will be solemnized at 8 o'clock in the evening, at the Holland Reformed Church.

For her maid of honor, the bride-to-be has chosen her sister, Miss Joan Hietbrink, and her bridesmaids will be Miss Joyce Carle of Iowa City, Iowa; Miss Judy Te-Selle of Firth; Miss Terri Hietbrink of Adams, and Miss Sharon Bulin.

Ronald Liesveld will serve his brother as best man.

A February bride-elect who was honored recently is Miss Juanita Lee Whiting, whose marriage to Stephen Kenneth Pierce will take place on Thursday, Feb. 14.

In courtesy to the soon-to-be bride, Mrs. Dale Pierce entertained 30 guests at a miscellaneous shower held at her home

## Wilson On Top; Just Misses Snaring Job

London (AP)—Leftist Harold Wilson ran out in front of the rightwinger for leadership of the Labor Party Thursday in first round balloting, but missed nailing down the job that could make him Britain's next prime minister.

A runoff election among Labor members of parliament to choose a successor to the late Hugh Gaitskell was set for next week between Wilson and George Brown, who was Gaitskell's right leaning deputy and now is acting party leader.

Wilson, 46, the one-time "boy wonder" of the party's leftist faction, showed sur-

prising strength in the first round of voting in a 3-man race but fell 8 votes short of the required majority.

Wilson got 115 votes to 88 for Brown.

James Callaghan, a mild-mannered middle-of-the-roadner, got only 41 votes and was eliminated from the runoff under the party's voting system. He had entered the race as a dark-horse in an attempt to prevent a bitter left-right feud that could split the party.

Wilson remained the strong favorite to lead the Laborites in the next general election against Prime Minister Macmillan's Conservatives. But Brown's supporters remained confident and were counting on picking up votes that went to Callaghan in the preliminary test of strength.

The runoff balloting will be secret, with results announced next Thursday.

NU Alum Gives \$5,000 For Chemical Awards

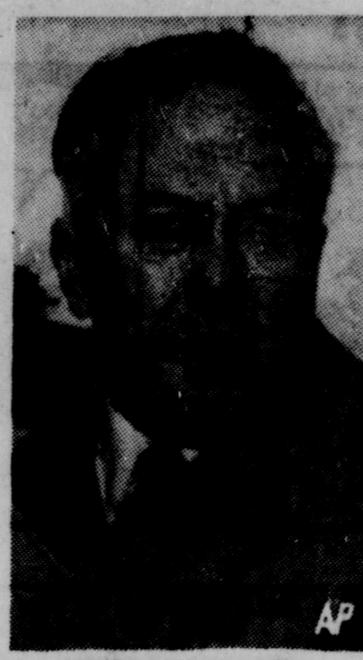

Edward F. Degering, a University of Nebraska alumnus, has donated \$5,000 through the University of Nebraska Foundation for the establishment of a scholarship fund for chemistry students.

Herbert M. Potter, assistant foundation treasurer, said Degering has asked that the foundation invest the money, along with any additional gifts, to build the fund up to \$1 million.

Degering, who received his doctorate degree from the university in 1930, is presently the head of the Research Division of the U.S. Army Radiation Laboratory in Natick, Mass.

## 1st Success For Polaris A3

Cape Canaveral, Fla. (AP)—A new breed of Polaris missile designed to bring all land areas of the world within range of rocket-firing nuclear submarines scored its first

test flight success Thursday after 6 failures.

The advanced Polaris, the third generation A3 model, roared off a land launching pad and raced 1,840 miles down the Atlantic tracking range. Eventually the missile will have a reach of 2,875 miles.

The Navy reported the launching was "highly successful." A spokesman said the flight demonstrated the soundness of the A3, which features many revolutionary rocket systems.

"When the A3 is operational in about 18 months," he said, "no target in the world

will be immune from the fleet of Polaris submarines. The subs can strike deeper inland or stand a greater distance off an enemy shore, giving them thousands more miles of sea in which to hide, compounding an enemy's search problem."

About 95% of all land on the globe can be reached by the earlier operational A1 and A2 Polaris, which have maximum range of 1,375 and 1,725 miles, respectively.

The Navy spokesman noted that a section of Russia near outer Mongolia could not be reached by A1 or A2 vehicles launched from the nearest shoreline.

# Phils Count On Normal Youthful Improvement

Philadelphia Phillies (10th of a series of 1963 prospects written under the manager's own byline)

By GENE MAUCH  
Los Angeles (P) — Last year I popped off and said the Philadelphia Phillies could play .500 ball.

Three days before the season was over we clinched that percentage and I went to sleep.

What the players feel is much more important than my thoughts so I am not placing any limitations on them this year. They increased their output of victories by 34 last year. This was accomplished by steady improvement on the part of a bunch of talented young men.

They're still young and talented and figure to improve every day. This was the place

## De Witt, Sterling Move To Finals Of Homesteader

Odell—De Witt had an easy time advancing to the finals of the Homesteader Tournament with a 60-39 victory over Filley Thursday night, but Sterling ran into trouble before pulling out a 64-61 win over Odell to earn the other finals spot.

David Anderson scored 28 points to lead a strong Odell bid, but a weak second quarter in which Odell tallied only 4 points proved too much of a handicap for the losers.

Finals will be played tonight with De Witt facing Sterling for the championship and Filley meeting Odell for 3rd place.

De Witt ..... 15 19 11 14—60  
Filley ..... 10 11 9 9—39  
Winners high: Bob Chuerman and Jim Holtzman, 16; losers high: Ron Stiles, 11

Sterling ..... 13 19 15 17—64

Odell ..... 18 4 20 19—61

Winners high: Wendell Wilson, 16; losers high: David Anderson, 28.

## Dana Wrestlers Pummel NWU

Blair — Dana won all but two matches and scored two pins in romping to a 22-8 wrestling decision over Nebraska Wesleyan there Thursday night.

Dana pins came at 147 pounds with Herb Knudsen stopping Charles Sheron in 2:05 and at 177 with Lowell Larsen pinning Ron Fox in 2:48. Wesleyan's 130-pounder Leon Doppem pinned his foe, Ron Hough in 4:24.

Rights: 123—Ron Mason (D) dec. Tom Vaughn, 4:31; 130—Leon Doppem (W) pinned Ron Hough in 4:24; 137—Roger Howland (D) dec. John Wilkinson, 7:3; 147—Herb Knudsen (D) pinned (W) dec. Ernie Abarrientos, 1:4; 167—Cliff Staben (D) dec. Ralph Wolf, 4:3; 177—Lowell Larsen (D) pinned Ron Fox in 2:48; Hwt.—Marcus Hansen (D) dec. Sam Cowan, 5:1.

## Dunkel Sees First Loop Win For Huskers In Mizzou Test

By DICK DUNKEL  
Nebraska is given the nod to pick up its first conference win of the season against Missouri Saturday night, based on the Dunkel Index System.

The Huskers are given a rating of 61.1, including 4 points as the home team, to a mark of 60.0 for Missouri. Nebraska Wesleyan is rated a 26-point choice over Midland in their encounter to night at the Plainsman gym.

This week's ratings and point differences for games through Sunday:

when we started putting the club together.

The normal improvement I speak of should be particularly evident on the mound in 1963. Art Mahaffey already has established himself as one of the National League's better pitchers but as yet he hasn't come close to his capabilities. Chris Short and Den-

nis Bennett have two of the best left arms in the National League and together they won 12 of their last 17 decisions in '62. Neither is limited in any way.

Jack Baldschun, our relief ace, won 11 of his last 14 decisions and is a tireless worker in the bullpen. Jack Hamilton, Cal McLish, Dallas Green and the rest are all capable of improving their '62 records.

## Northwestern Dumps Dana

Blair — Northwestern outlasted Dana with a strong second half here Thursday night to take a 76-71 victory over the Vikings.

The two teams battled to a 34-all halftime tie, but Northwestern took the lead for good at 62-60 with 9:04 left in the second half on a bucket by Don Kruen.

# Airport Authority Raps Council

By VIRGIL FALLOON  
Star Staff Writer

Airport Authority members Thursday blasted the City Council for sponsoring Legislative Bill 659 to make the authority board appointive by the council.

Under the pending bill, affecting only Lincoln, authority members would be appointed by the council in the future rather than elected by the voters.

## 'City Doesn't Want To Hurt Lincoln's Aviation Progress'

Mayor D. L. Tyrrell said the City Council is "vitally interested" in Lincoln's aviation development and advancement and has "no desire to hamper it in any way."

Tyrrell made the statement Thursday in the wake of Airport Authority criticism of proposed legislation for appointment of authority members by the council.

However, Tyrrell said a 1959 charter amendment, approved by the voters, "declares no board, commission, or authority which has responsibility for control or management of city property or facilities shall be established until approved by a majority vote of electors."

A similar provision was approved by the voters in Omaha, and as a result, the Airport Authority of Omaha is ap-

pointed by the mayor and city council," the mayor noted.

"This has not hampered the development of aviation in Omaha," he continued. "There is no desire on the part of city officials to hamper the development of aviation in Lincoln."

"However," Tyrrell said, "the airport property and facilities involved are city property and facilities and city officials feel a strong responsibility to see that they are used in a manner to promote aviation in Lincoln."

Title to all airport property, existing or later acquired by the authority, vests in the City of Lincoln.

Except for such rights as vests under title, the council has no control over the management or use of the city's aviation properties.

## New Power Proposals Wanted

The Airport Authority called for new proposals and cost comparisons on power facilities for the \$4.6 million Municipal Airport project in rejecting its consulting engineer's recommendation Thursday.

Harold Hoskins & Associates, consulting engineers to the authority, recommended the City Light Department's proposal over that of Consumers Public Power District.

Listed advantages in the city proposal were "existing power service to the area," availability of single metering and a more favorable 4,160-volt line and equipment.

However, authority members questioned City Electrical Engineer Lou Bitney on the city's proposal to use buried cable rather than conduit and the comparative costs.

Bitney said conduit was "superior, but more expensive" but that he was not authorized to alter the city proposal.

Calling for alternative pro-

posals on conduit, Chairman Leo Beck Jr. said there should be "some understanding with the city so we get what we want rather than what they will give us."

### New Proposals

The board agreed with member Charles Stuart that new proposals be sought from the city and Consumers.

Executive Director Rolland Harr was instructed to obtain new proposals from the two power agencies with an analysis by the consulting engineer.

In other action, Robert Phillips, Fred Eiche and Stuart were named members of

the board's budget committee.

Beck said the proposed 1963-64 budget must be ready by May 1 under the revenue bond agreement.

The board also reviewed proposed bills having possible effect on aviation matters and took this action:

Agreed to oppose LB167 proposing to increase the tax refund on jet aircraft fuel.

Agreed to support two State Aeronautics Department bills, LB617 and LB618, generally relating to airport safety.

Expressed general disagreement with LB644, providing additional duties in aviation matters for the authority.

Members said the bill provides additional duties in addition to those

expressed general support for LB619, proposed by the State Aeronautics Department, to increase authority terms to 6 years from 4 and permit pledging of levies and proceeds therefrom for bond repayment.

### Report Shows Outside-Capitol Rent Tab \$51,000

Jack W. Rodgers, the Legislature's director of research, Thursday presented the unicameral with a report showing that \$51,167 per year is being paid by the state for office space in Lincoln outside the Capitol Building.

The Legislature passed a resolution requesting Rodgers to furnish the report after some apprehension was evident over proposals to construct an office building adjacent to the Capitol.

Of the departments housed outside the Statehouse, the Liquor Commission pays more rent than any other, the report noted.

The Liquor Commission, which recently vacated its offices on the second floor of the Statehouse, pays \$14,500 annually for rent, according to the report.

### More British Reds

London (AP) — The British Communist Party said 33,004 members had been issued 1963 membership cards—an increase of 2,549 over the previous year.

Chairman Leo Beck Jr. charged the bill was a "surprise move by the city" and "another in a series of events to hamper airport construction."

### Had Chance

Critical of the bill as a move to put the authority under council control, Beck said the "city had its opportunity to run things . . . (and) gave the only airport (Lincoln Air Force Base) we had away and failed to live up to its

agreements with the federal government."

Board member Charles Stuart said, "I think there's an undercurrent in City Hall to hamstring aviation development."

"Future appointees might be tools of the city council," he continued. "It will be a disgrace if the people can't elect their airport authority representatives."

### Praised Progress

In prefacing remarks, Stu-

art generally praised Lincoln aviation progress since 1958 when the authority was created "by far-sighted council members."

He pictured the previous decade or so as a stumbling and confused administration of airport and aviation matters under council leadership.

Fred Eiche said he didn't think present council members "have seriously studied this issue" and another member, Jack Pace, nodded in agreement.

Beck said he didn't personally know the source of the bill, but said he understood Councilwoman Helen Boosalis and Councilman John Comstock "are most interested in it."

### Other Provisions

Authority members were also critical of other LB659 provisions that would put authority employees under the city retirement system and make the authority responsible "for promotion of aviation matters."

Beck said these provisions could increase authority costs while providing no mill-levy revenue increase.

Authority members agreed to take no official position on LB659 regarding appointive terms, but to oppose it as inadmissible.

He spent 42 years as a newspaperman, all but 10 with the AP.

## Lincoln Chamber Supports Greyhound G.I. Route Try

Lincoln Chamber of Commerce directors, in a reversal of an earlier position of neutrality, Thursday supported the Greyhound Bus Corporation's application, before the State Railway Commission, to institute through bus service between Lincoln and Grand Island.

oppose its welfare at the expense of its local service.

### Improved Service

But Greyhound spokesmen noted that a successful application would improve Lincoln's transcontinental as well as western Nebraska service to the extent of 4 new schedules a day in winter and 6 new schedules a day in summer.

They noted that Lincoln's interests were being served by an opportunity to increase bus and express service in a period when other forms of transportation are diminishing.

They added that the schedules would run on the interstate highway when it is completed and that rejection of the application could mean a service passing by a short distance from the city without stopping.

## Police Put 2 Boys, 15, On 'Conduct Probation'

Police Juvenile Lt. Gail Gade Thursday said two teenage boys were put on "police conduct probation" after they admitted shoplifting a pair of shoes from National Self Service Shoes, 1126 No. 27th.

Lt. Gade said the boys, both 15, were told to report to him periodically.

They observed it was a paradox that the Lincoln chamber should at one time exert effort to win a Continental headquarters here and then

# Building, Loan Tax Bill Dies

... WOULD HAVE LEVIED PAID-UP CERTIFICATES

The Banking, Commerce and Insurance Committee Thursday killed a bill designed to tax paid-up certificates and deposits in building and loan associations.

The proposal, LB5, touched off verbal warfare between Nebraska bankers on one hand, and representatives of building and loan associations on the other.

It died on a 5-2 vote.

In other action, the committee held for further consideration LB33, requiring all state banking institutions to

become members of the Federal Deposit Insurance Corp.

#### \$1 Million Bond

Chief sponsor Sen. Sam Klaver of Omaha offered a proposed amendment allowing banks "which can't get FDIC insurance" the alternative of purchasing a \$1 million bond to protect its depositors.

The Nebraska Bankers Association endorsed the amendment, and the measure was heard without opposition.

The 1962 bank shortage at

Gresham triggered the bill, Klaver told the committee.

LB5, introduced by Sen. Terry Carpenter of Scottsbluff, would classify building and loan deposits and paid-up certificates as Class A intangible property, thus taxable at 2.5 mills.

#### No Tax Now

Currently, there is no taxation on the building and loan investment. The associations themselves are taxed at 6% of their gross earnings.

Bankers endorsed the bill as a "fair and equitable" tax on what they termed their competitors for the savings dollar. Bank deposits are taxed at 2.5 mills.

Spokesmen for building and loan institutions pointed to fundamental differences between their associations and banks, including the facts that they are mutual organizations and that their investors share in profits.

#### Home Ownership

Their funds, the committee was told, provide loans on first mortgage real estate, thus encouraging home ownership and "building the community."

In other action, the committee:

—killed LB342 at the request of its introducer, Sen. Dale Payne of Papillion, who informed the members that similar legislation will be heard at a later date.

—revived LB245, authorizing time deposits up to 25% of surplus funds of government subdivisions. The bill had been killed by the committee Tuesday.

# 'BRUNING AIR BASE BILL' IS ADVANCED 7-0

The Education Committee Thursday on a 7-0 vote advanced a bill which would enable school districts to tax state-owned land leased for commercial purposes.

The measure, LB75, has been dubbed the Bruning Air Base Bill because it would put the Bruning Air Base and other state-owned airfields into school districts for taxing purposes.

Some agriculture groups had complained because the State Aeronautics Department had leased the Bruning base to an out-of-state corporation to conduct a feed lot operation free of taxation.

Three other bills which drew no opposition were reported out of committee.

They are:

LB114, putting on county superintendents an annual responsibility of informing public and private school administrators of the state's mandatory "Americanized" educational program.

LB246, allowing the State Board of Education to issue revenue bonds for financing a dormitory at the Vocational Technical School at Lincoln. An amendment was added making possible a start on the project before the end of the year.

LB465, calling for minor adjustments in the state school retirement system.

#### Donations On Way

Manila (P)—More than 100 tons of food and clothing donated by Church World Services, a U.S. voluntary agency, left here for flood-stricken Mindanao Island.

# Trailer Court Runners Protest; Tax Idea Axed

the legislative floor, one was killed and one was held.

Killed 4 to 1 was LB301, a league of Nebraska Municipalities bill introduced by Sen. Kenneth Bowen of Red Cloud, authorizing municipalities to levy a tax of up to two mills to accumulate a fund for the purchase of heavy machinery and equipment for street and park improvement and maintenance.

James Critchfield of Lincoln, representing Nebraska Associated General Contractors and opposing LB301, said the measure would tend to put cities in competition with private contractors and eliminate competition.

Bowen said there was no intent to put the contractors out of business.

#### Action on other bills:

LB40, introduced by Omaha Sens. Sam and Ernest T. Mahan, during the period from 9 months to two years, the period during which the county sheriff must make return of distress warrants to the treasurer. The bill was introduced in the Senate and was applicable only in Douglas County and the amended bill drew no opposition. It was reported to a general file on a 5-0 vote.

LB340, introduced by Sen. Terry Carpenter of Scottsbluff, providing a procedure under which the state tax commissioner or his agent would hear claims of taxpayers who fail to file a return or omit tangible property from a return. Earl Long of Washington County, president of the Nebraska County Assessors Association, introduced the bill and the committee advanced it 5-0.

LB308, introduced by Sens. Albert A. Kjar of Lexington, William Moulton of Lincoln, and Cesar L. Cervantes, requiring the reporting of any alterations or repair to real estate when made, so this can be added to the tax rolls. The bill was held.

# Liberals Lose Filibuster Fight

Washington (UPI) — Senate liberals lost their 1963 fight Thursday to make it easier to cut off filibusters. The reason was the historic reluctance of senators to tamper with their right to talk as long as they want.

After arguing for 3 and one-half weeks, the Senate defeated a motion by Democratic leader Mike Mansfield, Mont., to stop the debate.

When his motion failed, 54

## Tax Cut Will Hike National Debt Ceiling

Washington (UPI) — Treasury Secretary Douglas Dillon told Congress Thursday the ceiling on the national debt will have to be raised to about \$320 billion this year to clear the way for President Kennedy's spending and tax-cutting programs.

The legal debt limit, already at a record high, is now temporarily fixed at \$308 billion.

Give or take \$5 billion, Dillon said, the treasury will need a \$320 billion ceiling to handle the \$12 billion in redink spending that the President has budgeted for the fiscal year starting July 1.

ODRINEX is sold with this guarantee by:

CHEAPER DRUG STORE—1325 "O" St. MAIL ORDERS FILLED

to 42, Mansfield moved to adjourn the Senate until Monday. This in effect buried the whole issue of changing the Senate's debate rules.

It appeared the fight for a tighter anti-filibuster rule would be dead for the next two years, but liberals gave no indication when they might try again.

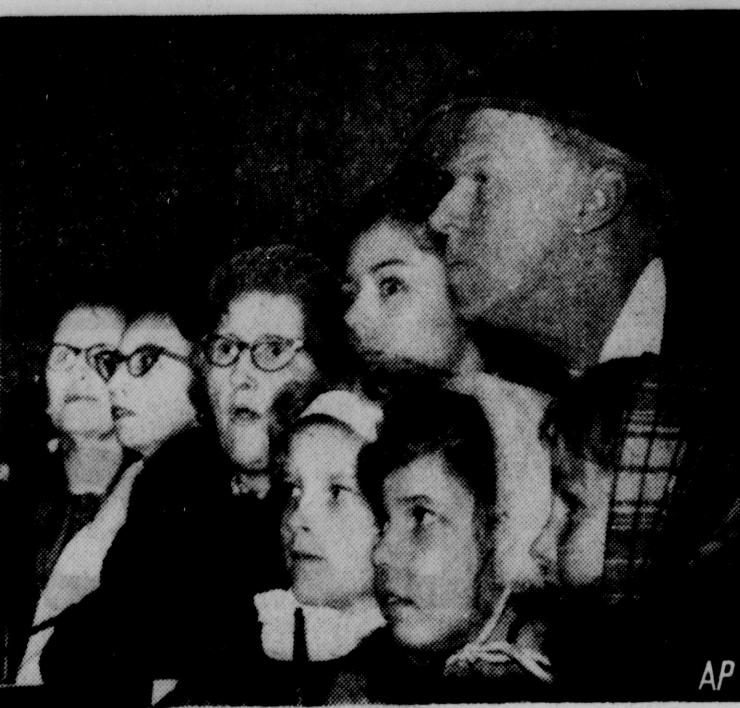

Their efforts over recent years have been timed for the beginning of a new Congress when they contend a majority should be able to change rules. However a rule amendment could be introduced at any time, referred to committee, and, if bottled up there, pushed by a discharge motion — if the votes could be found.

Liberal Sens. Jacob K. Javits, R-N.Y., and Hugh Scott, R-Pa., were still shouting for recognition when the roll call for adjournment was ordered. They wanted another test of the issue, but their colleagues voted, 64 to 33, to quit work until Monday.

The liberal bloc, led by Sen. Clinton P. Anderson, D-N.M., was trying to change Senate rule 22 to permit an end to debate by a vote of 3/5s of senators present. A two-thirds vote is now required. Anderson's amendment remains on the Senate calendar as unfinished business, but can be brought up any time its supporters think they have enough votes.

Defeat of the Mansfield motion marked the 33rd time since 1917 that the Senate has rejected a move to halve debate on an issue. The Senate has invoked cloture only 5 times. The last successful move came last summer, when the Senate voted to end a filibuster against the administration's communications satellite bill.

MONA LISA IN N.Y.

Youngsters and adults gaze at the Mona Lisa which went on public display Thursday at the Metropolitan Museum of Art in New York. The masterpiece, by Leonardo da Vinci, drew more than 23,000 persons on the first day of its month-long showing.

## Pontiff Urges Bishops To End Council At Next Session

Vatican City (AP)—Pope John XXIII has told Roman Catholic bishops they must conclude the Vatican ecumenical council at its next session, and must deliberate with all mankind—not just Catholics—in mind.

In a papal letter published Thursday, the 81-year-old head of the Roman Catholic Church vigorously underlined his belief that the council must serve the cause of ultimate Christian unity.

His letter, written Jan. 6, the Feast of Epiphany, told the Bishops the next session would be the last, with the prelates expected to remain in Rome until their work has been completed. The Council opened Oct. 11 and recessed Dec. 8 until Sept. 8.

When it recessed, the Pope said he hoped its work would be finished by Christmas of 1963. But many here felt this impossible and that a third session would be required after a Christmas recess. Pope John included such speculation in his letter. The next session, he said, would be the "conclusive phase" and "will last until finished."

He called on the bishops to

### ADVERTISMENT The Tormenting Twins Meet Their Master

OMAHA, Nebr. — Mrs. R. B. Jamison, 4802 N. 48th St. says: "I can't say enough for Baker's Hair Tonic, and Baker's Shampoo. The Hair Tonic is the best there is for dandruff and itchy scalp, and the Shampoo leaves the hair bright and easy to manage." Try Baker's Hair Tonic for The Tormenting Twins, dandruff and itchy scalp. It will satisfy, or money back. For clean, lustrous hair use Baker's Shampoo.

## 74.5% vote Valiant best in nationwide consumer survey

"Like to test-drive the 1963 compacts?" That's what Nationwide Consumer Testing Institute—a completely independent company—recently asked 3600 typical drivers in 18 cities across the country.

The people were asked to test-drive two compacts. Some picked Corvair and Valiant. Some picked Falcon and Valiant. Some wanted to try Rambler or Chevy II. The course included all kinds of normal driving.

Drivers circled the course twice (once in each car) with N.C.T.I.'s trained interviewers firing questions all the way. Which of these cars do you prefer for acceleration? Ride? Steering? Styling? Finally: which is the best all-around value?

### The surprising results:

Compact preference	Rambler	Valiant	Chevy II	Valiant	Corvair	Valiant	Falcon	Valiant	Average four compacts	Valiant
Interior styling	25%	75%	30%	70%	27%	73%	44%	56%	33%	67%
Exterior styling	24	76	48	52	39	61	41	59	38	62
Quality of workmanship	38	62	40	60	36	64	44	56	40	60
Acceleration	17	83	48	52	21	79	25	75	28	72
Passing power	17	83	45	55	21	79	24	76	27	73
Roominess	35	65	56	44	30	70	44	56	41	59
Steering	26	74	31	69	37	63	29	71	31	69
Ride	27	73	33	67	29	71	26	74	29	71
BEST ALL-AROUND VALUE	17	83	34	66	24	76	27	73	25.5	74.5%

Two things were not tested—price and warranty. But remember that Valiant is just about the lowest-priced car made in the U.S.A. today. And that Valiant carries America's longest and best new-car warranty—5 years or 50,000 miles.\* Ask your Plymouth-Valiant Dealer for your own independent test drive in The New Valiant.

\*Your Authorized Plymouth-Valiant Dealer's Warranty against defects in material and workmanship on 1963 cars has been expanded to include parts replacement or repair, without charge for required parts or labor, for 5 years or 50,000 miles, whichever comes first, on the engine block, head and internal parts; transmission case and internal parts (excluding manual clutch); torque converter, drive shaft, universal joints (excluding dust covers), rear axle and differential, and rear wheel bearings, provided the vehicle has been serviced at reasonable intervals according to the Plymouth-Valiant Certified Car Care schedules.

Best all-around compact anybody has come up with yet...VALIANT!

In Dallas, 74% voted Valiant best value.

In Syracuse, 78% voted Valiant best value.

In Los Angeles, 77% voted Valiant best value.

## Sick NU Foundation Chairman; Assets Up

Assets of the University of Nebraska Foundation were nearly \$5 million at the end of 1962, its trustees were told Thursday afternoon.

The trustees changed the administrative structure of the foundation, electing Ted A. Sick, Lincoln insurance executive, chairman of a board of directors that replaced the executive committee. Sick had been president.

Perry W. Branch was named full-time president by

the board of directors. He had been director-secretary, a post that was eliminated under the new set-up.

Up \$600,000

In his final report as director-secretary, Branch told the trustees:

—Assets have reached a record \$4.9 million, an increase of over \$600,000.

—6,551 alumni contributed, 98 more than in 1961.

—\$711,887 was turned over to the university, its students and faculty, an increase of \$252,268.

Branch gave this breakdown of the last figure:

For scholarships and grants-in-aid, \$239,494; research, \$125,258; physical plant, \$226,126; faculty and university support, \$66,819; Regents professorships, \$18,750; museum and art gallery acquisitions, \$15,842; distinguished teaching awards, \$2,000.

Haynie Vice President

Under the reorganization, Harry Haynie was named executive vice president. He will succeed Branch when Branch retires in August.

The trustees also elected Burnham Yates of Lincoln as vice chairman and appointed these members to the new board of directors:

George B. Cook, Lincoln, and Fred W. Thomas, Omaha, one-year terms; Flavel A. Wright and Glenn M. Yards, Lincoln, two-year terms; and Ford Bates, Omaha, and C. W. Battey, Lincoln, 5-year terms.

Newly elected members of the board of trustees are:

One-year terms—Roy F. Broyhill, Dakota City; Herbert Cameron, Los Angeles, Calif.; Miss Mary L. Chapin, Lincoln;

Ellery H. Davis, Lincoln; John S. Elliott, Beatrice.

Three-year terms—Robert C. Burman, W. Folsom, Lincoln; T. Roy Lincoln, Lincoln; Paul C. Schorr Jr., Lincoln.

Five-year terms—G. W. Gammie, Lincoln; Edward S. Stinson, Omaha; Neal T. Tynor, Lincoln; Walter F. Wilson, Lincoln; W. A. Witte, Fremont.

Sick and Yates, as officials of the board of trustees, and John K. Selleck, immediate past chairman of the board of trustees, are ex-officio members of the board of directors.

The board of directors

## Blintzes Are Extra-Special

Blintzes are common in metropolitan centers in the United States, where we often buy them ready-made, filled with cheese, fruit or preserves. They were probably bought to this country by Russian immigrants, and once you taste them you'll understand why their popularity took hold. Blintzes look much like a small envelope of dough, for that's exactly what they are—extra thin, egg-rich pancakes or "crepes", folded around the chosen filling envelope style.

### BLINTZES

1 cup sifted enriched flour  
2 tablespoons confectioners' sugar  
1/2 teaspoon salt  
2 eggs  
2-3 cup milk  
1-3 cup water  
Melted butter or margarine  
Cottage Cheese Filling

### Dairy sour cream

### Apricot preserves

Sift together flour, sugar and salt. Beat eggs until foamy. Add milk and water and blend well. Gradually stir in flour mixture and beat until mixture is smooth. Brush bottom of hot 6-inch skillet with butter or margarine. (This has to be done about every third pancake.) Pour a small amount of batter (4 to 5 teaspoons) into skillet and tip skillet quickly so batter coats bottom. Pour off any excess batter. Pancake should be paper thin. Bake pancake until edges are lightly browned and surface is almost dry. Turn out on wooden surface or baking sheet with browned side up. Repeat with remaining batter. To shape blintzes, spread 1 tablespoon Cottage Cheese Filling in center of each browned pancake. Fold opposite sides of pancake al-

### COTTAGE CHEESE FILLING

2 cups creamed small curd cottage cheese (1 pound)  
1/2 cup confectioners' sugar  
1 tablespoon soft butter or margarine  
1/4 teaspoon salt

### Dash nutmeg

Blend all ingredients and beat until mixture is creamy, well blended, and almost smooth. Makes 8 to 10 servings, 2 blintzes per serving. No. of ingredients: 14. No. of utensils: 18. Total preparation time: 1 hour 15 minutes

most to center. Fold in and overlap remaining 2 sides, envelope style. Repeat with remaining pancakes. Place blintzes, folded side down, in hot buttered skillet and brown on both sides. Serve hot with dollops of sour cream and apricot preserves.

### BAKED HAM AND CHICKEN RING

1-8-ounce can tomato sauce  
1 cup commercial sour cream

1/2 teaspoon dry mustard

1 teaspoon grated lemon rind

1/4 teaspoon nutmeg

1/4 teaspoon thyme

1/4 teaspoon salt

1/4 teaspoon pepper

2 cups 100% bran

2 tablespoons butter or margarine

2 tablespoons finely chopped onion

1/2 cup finely chopped celery

4 eggs, slightly beaten

1 1/2 cups cooked, minced left-over chicken

1 1/2 cups cooked, minced left-over ham

Thoroughly blend first eight ingredients. Mix in bran and allow to stand. Meanwhile, saute onion and celery in butter or margarine until tender; add to bran mixture. Stir in eggs, chicken and ham. Mix well. Pour into a well greased 1-quart ring mold. Set in a pan of hot wa-

ter and bake in a moderately hot oven (375 F.) 50-60 minutes or until set. Remove pan from hot water; let stand 10 minutes before unmolding. Serve with Pineapple Sauce. Makes 6 servings.

### CHUNKY PINEAPPLE SAUCE

Mix together in a saucepan

1 tablespoon cornstarch, 1

tablespoon brown sugar, 1/4

teaspoon salt, 1/8 teaspoon

pepper and 1/4 teaspoon ground

cloves; add pineapple syrup

from a 1-pound 14-ounce can

of pineapple chunks and 1

teaspoon soy sauce. Cook and

stir over medium heat until

mixture thickens and comes

to a boil. Remove from heat;

add pineapple chunks, 2 table-

spoons pimento and 1 table-

spoon butter or margarine;

stir until butter melts. Makes 1 2/3 cups sauce.

### APPLE JULIE

1 1/2 cups milk

1/2 teaspoon salt

1/2 cup quick cream of wheat

1 teaspoon grated lemon rind

1 egg

1/2 cup sugar

1 tablespoon lemon juice

3 to 4 tart apples, cut in 1/2" slices  
1/4 teaspoon cinnamon  
2 tablespoons sugar  
2 tablespoons sliced blanched almonds  
2 tablespoons margarine  
Combine milk, salt and margarine in a saucepan. Bring to a boil. Add quick cream of wheat and lemon rind slowly, stirring constantly as mixture thickens. Lower heat and cook 5 minutes longer. Add egg and beat vigorously. Add sugar and lemon juice. Pour into a well greased 9-inch square pan. Arrange apple slices in 3 rows and press gently into mixture. Sprinkle with a mixture of cinnamon and sugar and sliced almonds. Dot with margarine. Bake in a moderate oven (350 F.) 45 minutes. Serve with sweetened whipped cream if desired. Makes 9 servings.

### ONION AND APPLE SAUTE

2 tablespoons bacon drippings

3 cups sliced unpeeled apples

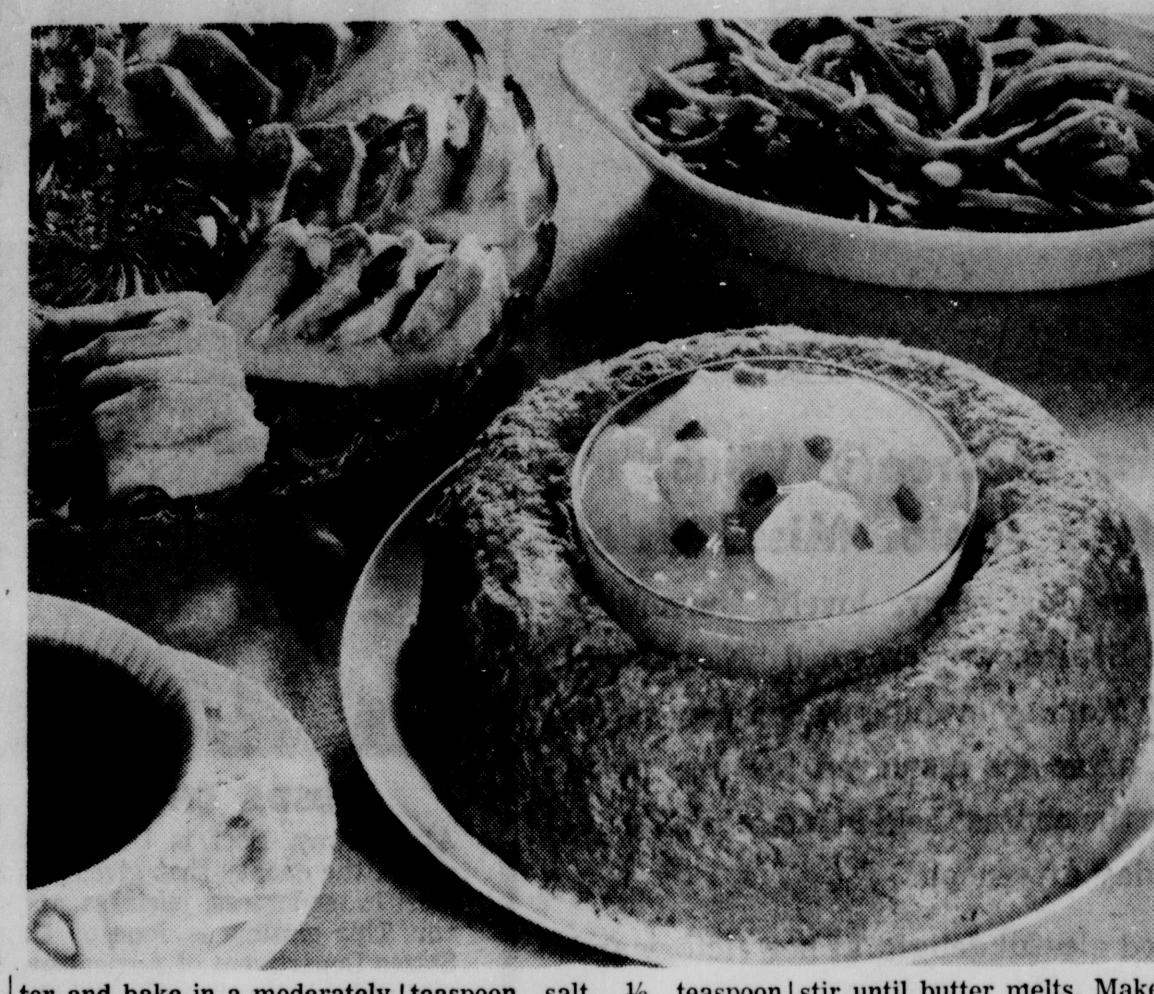

2 cups sliced peeled onions

2 tablespoons light brown sugar

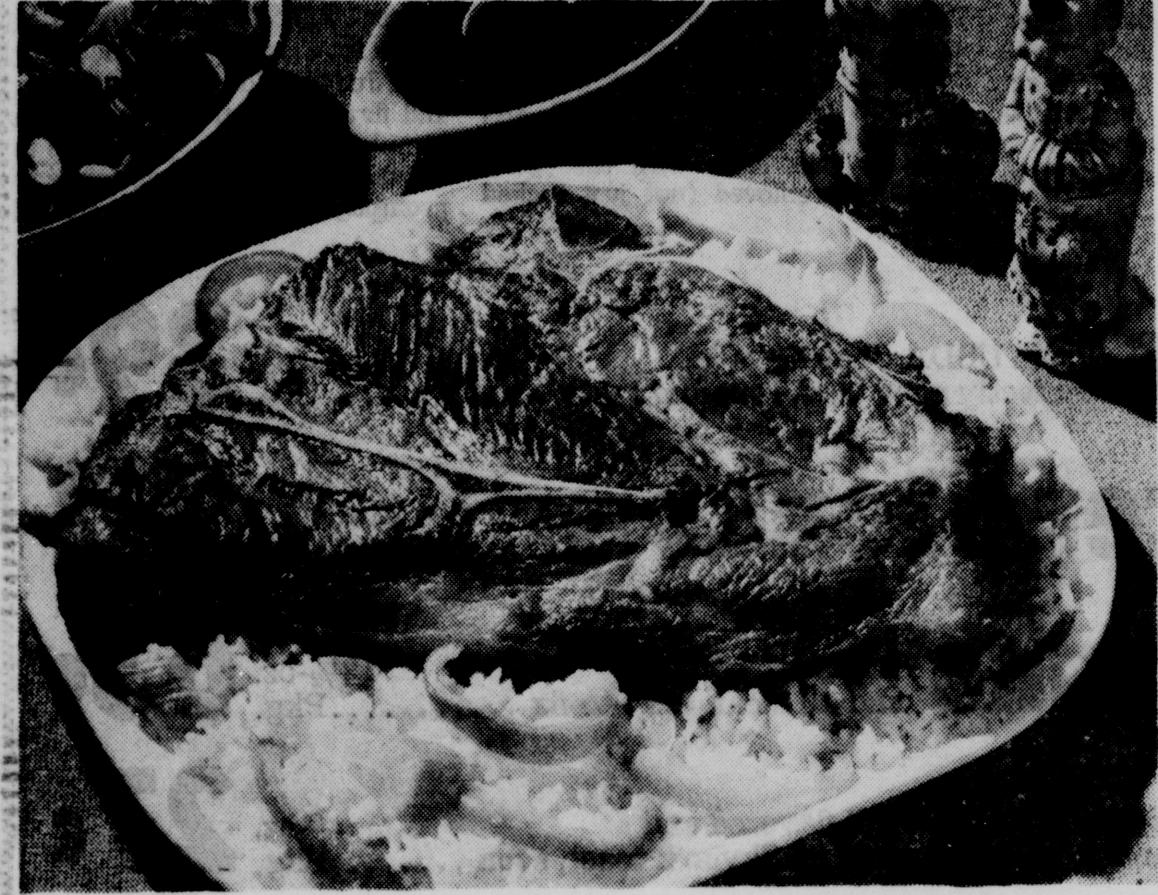

1/8 teaspoon ground black pepper

Heat bacon drippings in a 9 or 10-inch skillet. Add apples and onions. Cover and cook slowly until apples are tender and onions are limp and transparent, about 15 minutes. Add brown sugar and black pepper, mix lightly.

## New Taste Appeal In Chicken, Ham Mold

## The Pot Roast Goes Oriental

If you like the oriental flavor in something besides the usual Chow Mein and Chop Suey which, if we may believe what we've been told are strictly American dishes—not Chinese, you will enjoy this pot roast which does well in the oven or on the rotisserie.

Here is how you do it:

### CHINESE BEEF POT ROAST WITH GRAVY

Yield: 8 servings  
4 pounds blade bone beef chuck roast  
1 teaspoon garlic salt  
1/2 teaspoon dry mustard  
1/4 teaspoon pepper  
2 tablespoons fat  
3/4 cup water  
1/4 cup soy sauce  
1 tablespoon honey  
1 tablespoon vinegar  
1/4 cup celery seed  
1/2 teaspoon ground ginger

2 tablespoons cornstarch  
Combine garlic salt, mustard, and pepper, and rub on roast. Brown meat in melted fat in heavy kettle. Slip rack under roast. Combine water, soy sauce, honey, vinegar, celery seed, and ground ginger. Pour over meat. Cover and simmer about 2 hours, or until tender. Remove meat. Skim fat from drippings. Measure 2 cups drippings. Blend cornstarch into 1/4 cup cold water. Stir into drippings in kettle. Cook and stir until thickened. Serve over beef. Serve with buttery rice cooked with onion, celery, and green pepper.

Corn bread is the perfect go-with for a fish dinner, whether the fish is one you've caught yourself, or the supermarket "hooked." And if that corn bread has the added touch of pimiento-stuffed olive slices, the corn bread is doubly delicious.

### FIESTA CORN BREAD (Makes 6 servings)

1/4 cup butter or margarine, softened

2 eggs  
1 cup sifted all-purpose flour  
3/4 cup yellow corn meal  
4 teaspoons baking powder  
1/4 teaspoon salt  
2-3 cup milk  
1/2 cup sliced, pimiento-stuffed olives

Cream butter until smooth, beat in eggs, one at a time. Sift flour with corn meal, baking powder and salt. Add dry ingredients alternately with milk to butter mixture, beating just until smooth. Stir in olive slices and spread batter in greased 8 x 8 x 2-inch pan. Bake in 400 degree (hot) oven 20 to 25 minutes or until done.

## A Fish Dinner 'Go-With'

You'll have a real sweet-with-a-hard-sauce dish when you serve "Pink Valentine Salad" at a Valentine's Day buffet dinner or luncheon for friends or as a late-evening refresher for guests.

A heart-shaped mold is naturally ideal for this raspberry gelatin-whipped cream treat filled with chopped fresh dates, pineapple and celery. But its delicate color will carry out the Valentine theme no matter what kind of mold you use to chill this dessert-type salad.

You might garnish the top with whipped cream in the shape of a heart and decorate the platter with luscious fresh California dates filled

## Try These Rolls

Whether you serve them warm or cold, "Date-Orange Rolls" will hit the spot as breakfast or brunch bread. Packaged hot roll mix simplifies the preparation of these easy-to-do rolls flavored with orange juice, filled with meaty fresh dates and topped with a tasty glaze.

### Date-Orange Rolls

1 package (13 1/4 oz.) hot roll mix  
1 1/4 cups orange juice  
3/4 cup fresh dates  
1/4 cup melted butter  
1/4 cup brown sugar  
1/4 cup powdered sugar

Prepare hot roll mix according to basic package directions, substituting 3/4 cup orange juice for water. Allow to rise in warm place until doubled in bulk. Slice dates crosswise. Punch down dough and place on floured board. Divide into 24 pieces; roll each into a ball. Dip balls in melted butter, then roll in brown sugar. Place in 9 x 5 x 2 1/2-inch loaf pan, 8 to a layer, with space between to allow dough to rise. Sprinkle each layer with sliced dates.

Pour remaining butter over top of loaf. Allow to rise 30 minutes. Bake in 375-degree (moderately hot) oven 20 to 35 minutes. Combine remaining orange juice and powdered sugar in saucepan; heat until sugar is dissolved. Spoon over hot loaf. Cool in pan 10 to 15 minutes before removing. Break into individual rolls and serve warm or cool and slice.

Makes 1 loaf (24 rolls). Dissolve gelatin and salt in boiling water. Add vinegar and pineapple; chill until mixture mounds on spoon. Chop dates finely. Whip cream. Fold dates and celery into thickened gelatin. Fold cream in gently, mixing just until blended. Turn into 1-quart mold. Chill until firm. Unmold just before serving.

Great eating—Beans 'n wieners! But make sure they're Van Camp's Pork and Beans, cooked in a Secret Savory Sauce! Van Camp's Beans and wieners make a delicious, nutritious, double-protein meal. Just heat, eat 'n enjoy this economical cold-weather meal!

Miss McCreary Wins  
"Nebraska's Junior Miss" Title

Miss Jaynannne McCreary, lovely University High School Senior, was crowned "Nebraska's Junior Miss" Monday evening at Safeway store, 23rd and O, after she displayed the best poise and talent at the contest held in McCabe's Recital Hall, Sunday afternoon.

She expressed gleeful delight at her victory and was given rousing congratulations by her parents, Mr. and Mrs. Harold W. McCreary of 4245 W. St.

Miss McCreary won an all-expense paid trip to the "America's Junior Miss" pageant in Mobile, Alabama on March 9 through 14. In addition, she won a set of Eastman Kodak Movie Equipment and a ten-piece Bobbie Brooks Sportswear Outfit.

Miss Kay Kramer, senior at Southeast High School and daughter of Dr. and Mrs. William S. Kramer, 3135 Sheridan Blvd., was the first runner-up.

## Market Dip Is Uneven

New York (P) — Strength in motors, inspired by Chrysler's plans for a stock split, was not enough to prevent the stock market from an uneven decline Thursday. Trading was fairly active.

Wall Street was taken off guard by announcement of plans for Chrysler's 2-for-1 split and dividend hike.

All auto shares advanced. Railroads went ahead. Hopes of additional merger approvals and helpful legislation this year were cited as factors.

Most stocks closed throughout the list, however, took sharp losses.

The Dow Jones industrial average fell 3.43 to 679.09.

The railroads, however, rose .82 to 150.49, thus flashing an encouraging sign to chartists.

The Associated Press average of 60 stocks dipped to 267.11, with industrials off .81 and utilities unchanged.

Of 1,290 issues traded, 573 declined and 454 advanced. New highs for 740 sales were set. The market was more bright.

Osgood Falls when issued, and Warner Brothers Co., the undergarment firm.

Volume was 4.24 million shares compared with 4.34 million Wednesday.

Ten of the most active stocks advanced and 6 declined.

Prices were mixed on the American

## Markets At A Glance

# Economic Development, Tourism Department Bill Sent To Drafter

Governor Morrison Thursday said he has sent to the bill drafter his promised bill seeking establishment of a Department of Economic Development.

Morrison said the bill will incorporate provisions of a measure introduced earlier by Sen. J. W. Burbach of Crofton which seeks establishment of a separate Department of Tourism.

Burbach headed the Tourism Interim Study Committee which recommended that a separate Department of Tourism be set up.

Morrison's bill calls for a 7-member advisory commission to the department and the governor. It also provides for an executive director.

## Appointed By Governor

The director would be appointed by the governor with the advice of the commission and the consent of the Legislature.

The director's duties would include:

—Responsibility for coordination of activities within the department so the objectives of the department could be achieved.

—Determining the broad plans for the accomplishment of the objectives of the department.

—Employing, with the advice of the commission, such assistant directors as required for operation of the new department.

—Appointment of assistant directors to supervise and be directly responsible for tourism and industrial development.

—Selection of staff with the advice of any assistant director directly affected.

## Promote Development

The purpose of the department, the governor said, is to promote "the fullest" development of the human and natural resources of the state to provide "a balanced and dynamic economy."

The department would, Mor-

rison added, "foster and encourage resource and industrial development programs designed to broaden and strengthen the economy of the state."

It would also inaugurate, assist and encourage development of the tourism activities of the state, he said.

The 7-member commission, Morrison said, would aid the department and the director in formulating the policies needed and would help de-

termine methods for carrying out the objectives of the new agency.

Commission members would also help the governor select the agency's staff.

The commission would set up qualifications for the director.

The governor proposes appointing commission members to 4-year terms except for original members who would be named within 40 days of the bill's enactment into law.

The terms of the first members would be staggered thus: two members, 1963-65; two members, 1963-66; and three members, 1963-67.

Morrison said establishment of the department would not cost the state any more money than he recommended in his budget message to the Legislature.

## Sen. Burbach Not Against Tourism Feature Of Bill

Sen. J. W. Burbach of Crofton said Thursday he will not object to Governor Morrison incorporating the bill to establish a separate Department of Tourism in Morrison's proposed Department of Economic Development.

"I will have no objection," Burbach said, "unless the governor's concept of tourism in his bill is radically different from that of the committee's."

Burbach was chairman of the Tourism Interim Study Committee which recommended that a separate department of tourism be established.

—Determining the broad plans for the accomplishment of the objectives of the department.

—Appointment of assistant directors to supervise and be directly responsible for tourism and industrial development.

—Selection of staff with the advice of any assistant director directly affected.

## Promote Development

The purpose of the department, the governor said, is to promote "the fullest" development of the human and natural resources of the state to provide "a balanced and dynamic economy."

The department would, Mor-

## 2 Men Arrested In Burglary Case Appear In Court

Two men, arrested in connection with a burglary at the Deeter Foundry at 630 K Tuesday night, appeared in Lancaster County Court Thursday on separate charges of burglary and possession of a forged instrument.

William H. Hendrix, 35, of 1961 U, waived preliminary hearing and was bound over to District Court on \$5,000 bond on a burglary charge.

Riccardo Silvacarvalho, 30, of 323 No. 26th, charged with possession of a forged instrument, requested a preliminary hearing which was set for Feb. 20 by Judge Ralph Scolum. Bond was set at \$5,000.

According to police, an electric typewriter, several blank payroll checks and about \$3 in cash were taken from the building office.

The terms of the first members would be staggered thus: two members, 1963-65; two members, 1963-66; and three members, 1963-67.

Morrison said establishment of the department would not cost the state any more money than he recommended in his budget message to the Legislature.

## Bill To Shorten Firemen's Work Week Is Advanced

A bill designed to shorten — by easy stages — the work week of paid firemen received 35-1 first round approval in the Nebraska Legislature Thursday.

Under the amended LB27, the maximum work week would be cut back from its present 72 hours to 68 hours effective Jan. 1, 1966.

LB27 was originally drawn and introduced by Sens. George H. Fleming of Sidney, Eugene T. Mahoney of Omaha and Jerome Warner of Waverly, LB27 would have dropped the work week maximum from 72 to 60 effective next year.

LB27 was introduced by Sen. Ed Hewitt in opposing the bill.

Several speakers called attention to the disparity between hours worked by firemen and those worked by policemen and others.

## Outstanding Work

Inviting attention to the outstanding work done by firemen, Sen. Carpenter recalled a recent personal incident involving his home civil defense shelter. Four hundred gallons of gasoline intended for a tank to serve the shelter's emergency shelter wound up in the shelter floor creating an extremely hazardous condition at the Carpenter home.

For a time "we had a mis-site," he said.

He spoke highly of the way firemen, with no experience with precisely such a problem, handled it and avoided disaster.

Also advanced from general file was LB254, introduced by Sens. Ross Rasmussen of Hooper and W. H. Hasebrook of West Point, requiring townships to submit an annual report on costs of road construction, repair and maintenance.

Several minor corrective bills advocated by the state

Revisor of statutes, merely clarifying and harmonizing present laws, were routinely advanced from general file.

LB254 was introduced by Sen. Ross Rasmussen of Hooper and W. H. Hasebrook of West Point, requiring townships to submit an annual report on costs of road construction, repair and maintenance.
